Purpose and Scope

This resource describes the evidence base for “Acute Pain Management”.

Background

The College supports sound practice in the surgical arena and encourages implementation of mainstream standards in the delivery of clinical and surgical care.

Body of Resource

The Australian and New Zealand College of Anaesthetists and Faculty of Pain Medicine have produced Guidelines on Acute Pain Management – the latest edition being 2010.

Relevant Documents

Acute Pain Management: Scientific Evidence (3rd Edition 2010)

The Australasian College of Podiatric Surgeons (“ACPS”) is committed to quality service to all clients and endeavours to ensure accuracy, currency and reliability of the information published in the above resource. However, the ACPS accepts no liability for any loss or damage which may be suffered as a direct or indirect result of applying this resource.
